

L'alchimia della luce svela le sfaccettature dell'Architettura e la trasmuta in Design. La collezione si ispira all'architettura di Castel del Monte interpretando in chiave contemporanea un pezzo unico e singolare della tradizione architettonica pugliese. La geometria ottagonale, caratteristica peculiare di ogni lampada, riflette e assorbe le variazioni di luce e colore in una stanza: ogni faccia è sempre diversa dall'altra, e ognuna di esse cristallizza i cromatismi cangianti degli ambienti che lo circondano.

The alchemy of light reveals the facets of Architecture and transposes them into Design. The collection is inspired by the architecture of Castel del Monte, offering a contemporary interpretation of a unique and singular piece of Apulian architectural tradition. The octagonal geometry, which is a particular feature of each lamp, reflects and absorbs the fluctuations of light and colour in a room: every face is always different from the other, and each one crystallizes the iridescent colours of the rooms around it.
